

3-YEAR DEGREE / BRIDGE PROGRAM

Applicants who have earned an accredited three year bachelor's degree from the following countries will be considered:

Australia, Canada, Bangladesh, New Zealand, Pakistan, Bhutan, Nepal, South Africa, Sri Lanka, India, and European countries that are a part of the Bologna Process (<http://www.ehea.info/>).

Please note: Applicants from countries not listed will need to submit an accredited four year bachelor's degree for admission.

Please see the links below for information for the Seidenberg School of Computer Science and Information Systems and the Lubin School of Business:

Seidenberg School of Computer Science and Information Systems

Pace University's Seidenberg School of Computer Science and Information Systems will consider applicants who have earned a three year bachelor's from the selected countries (listed above) eligible for graduate admission to all degrees. **The GRE is required for admission.**

Successful candidates can begin their advanced degree studies upon enrollment and are not required to enroll in a bridge program consisting of additional undergraduate course work. Applicants should use the regular online application for Graduate Applicants - Masters Program.

Lubin School of Business

Pace University's Lubin School of Business will consider applicants who have earned a three year bachelor's from the select countries (listed above) eligible for graduate admission to all degrees with the exception of the MBA/MS degrees in Accounting.

Students with three year degrees wishing to apply to an Accounting program will need to complete our Lubin Bridge Program.

Lubin Bridge Program

Any international student whose undergraduate degree is not equivalent to a four year U.S. baccalaureate and who has not completed a master's degree may seek admission by means of the Bridge Program for International Students. The purpose of the program is to provide supplementary coursework to those students with strong academic records who are judged capable of successfully completing a graduate certificate or the MBA/MS so that they meet the four year equivalency requirement for graduate study. Applicants should use the regular online for Graduate Applicants - Masters Programs. **The GMAT or GRE is required for Admission.**

Once the applicant's eligibility for the Bridge Program for International Students has been determined, a course of study of up to 30 credits designed to remedy the applicant's academic deficiencies and to prepare the applicant for the graduate program will be outlined. Up to 15 credits of post-baccalaureate course work taken by the applicant either abroad or in the U.S. may be applied toward the 30 credit bridge requirement as determined by the Office of Graduate Admission in conjunction with the Lubin School of Business.

Additional Bridge Program Information

If a student is admitted to the program, a Bridge Program Agreement and Bridge Program Course Outline describing the required pre-masters course work will be sent with the letter of acceptance. The admitted student is required to sign and return the Bridge Program Agreement as a condition of acceptance and is bound by the requirements stipulated.

Upon completion of the Bridge Program, students with a grade point average of 3.0 will be permitted to continue on in the graduate program; those with less than a 3.0 will be dismissed without appeal.

Please contact the Office of Graduate Admission for more information regarding the Bridge Programs:
