

# ACADEMIC ADVISEMENT NURSING

---

Advisement pertaining to academic program progression and planning is the responsibility of the program directors. Soon after admission, a program plan is established for each student based on the student's program curriculum. The progression of Family Nurse Practitioner, Adult-Gerontology Acute Care Nurse Practitioner, and Psychiatric Mental Health Nurse Practitioner program students in their clinical practicum courses is established during the semester prior to start of their clinical practicum.

In addition, every Lienhard School of Nursing graduate student is assigned a faculty advisor to assist them with their professional development.
