

NURSING EDUCATION CERTIFICATE OF ADVANCED GRADUATE STUDIES (CAGS)

Campus: Online

The online Nursing Education Certificate prepares nurse practitioners to work in education roles in colleges and universities and is designed to develop nurses as teachers, leaders, and role models. The certificate requires the completion of nine credits of coursework, including 110 practicum hours specific to the nurse educator role.

These courses align with the NLN Core Competencies for Academic Nurse Educators, providing foundational knowledge needed for those pursuing faculty positions.
