

NURSING EDUCATION, CERTIFICATE

Campus: Online

The online Nursing Education Certificate is for masters-prepared nurses seeking to work in educational roles in colleges and universities and is designed to develop nurses as teachers, leaders, and role models. The certificate requires the completion of nine credits of online coursework, including 110 practicum hours specific to the nurse educator role.

These courses align with the NLN Core Competencies for Academic Nurse Educators, providing foundational knowledge needed for those pursuing faculty positions.
