

# PACE UNIVERSITY -LENOX HILL HOSPITAL PA PROGRAM

Campus: NYC

## New York City Campus

The Pace University-Lenox Hill Hospital Physician Assistant (PA) Program is an intensive 26-month program that prepares you to become a practicing physician assistant - examining patients, ordering diagnostic tests, prescribing medications, and developing treatment strategies.

- Excel in a highly competitive and rapidly growing field. Graduates of our program have a 5-year aggregate pass rate on the National Certification Exam (PANCE) for first-time takers that is consistently higher than the national average.
- Integrated curriculum and innovative advanced degrees. The PA program offers an integrated curriculum that takes a holistic approach to healthcare. Preclinical training exposes students to multiple disciplines simultaneously, so the learning experience is analogous to the manner in which they will practice.

## Admissions

Students may apply only through Central Application Services for Physician Assistants (CASPA) at <https://paeonline.org/caspa> (<https://paeonline.org/caspa/>).

## Prerequisites

Students are eligible to apply to the MS degree program if they have a bachelor's degree from an accredited institution and have met specific requirements set forth by the PA program.
