The Accreditation Review Commission on Education for the Physician Assistant (ARC-PA) has granted Accreditation-Continued status to the Pace University-Lenox Hill Hospital Physician Assistant Program sponsored by Pace University. Accreditation-Continued is an accreditation status granted when a currently accredited program is in compliance with the ARC-PA Standards.

Accreditation remains in effect until the program closes or withdraws from the accreditation process or until accreditation is withdrawn for failure to comply with the Standards. The date for the next validation review of the program by the ARC-PA will be September 2023. The review date is contingent upon continued compliance with the Accreditation Standards and ARC-PA policy.

The Pace University-Lenox Hill Hospital Physician Assistant Program is a member of the Physician Assistant Education Association (PAEA). The program is registered by the New York State Department of Education and awards an MS in Physician Assistant Studies.
