

TELECOMMUNICATIONS SYSTEMS AND NETWORKS, MS

Campus: NYC, Westchester

In an increasingly interconnected world, telecommunications professionals need both a strong foundation and the skills and knowledge to foster innovation. No program provides a greater understanding of the field of telecommunications than the 36-credit Pace Master of Science in Telecommunications Systems and Networks.

Specifically designed to offer students a comprehensive and multifaceted education in computer networking and telecommunications, this curriculum covers all the significant aspects including technology, management, and policy. It emphasizes current and emerging Internet-related technologies and applications. The broad nature of the program is ideal for those who wish to enter the field of telecommunications, or current professionals looking for that edge to stay ahead in this ever-changing industry.
