

LEARNING CENTER

The Learning Center provides Pace students with walk-in and appointment-based tutoring; academic assistance in a wide variety of subjects; study skills sessions and academic coaching; and aids students in identifying and mastering the skills needed to be an independent thinker. They coordinate the Peer-Led Team Learning (PLTL) program; peer-led discussion groups for specific science and math courses; provide supplemental course resources; conduct course/topic reviews in critical subject areas; and offer additional support during finals.
