

# BIOLOGICAL PSYCHOLOGY MAJOR, BA

---

**Campus:** Westchester

Prepares students for graduate school in both research and applied psychology and biology areas and for entry-level employment in such fields.

***Note for students interested in taking the MCAT and/or applying to medical school:***

Please contact departmental advisor at (914) 773-3791 for necessary special advisement. Such students typically need the following courses: PHY 111 General Physics I and PHY 112 General Physics II and MAT 131 Calculus I. Moreover, some medical schools also require applicants to have taken MAT 132 Calculus II.
